EXECUTIVE DEPARTMENT, }
HARRISBURG, August 11th, 1832. }

His Excellency

GEORGE HOWARD,

Governor of the State of Maryland.

SIR,—Your favor of the 2nd instant, referring to a communication made by you during the session of your Legislature, authorized under a joint resolution of that body upon the subject of alleged obstructions in the river Susquehanna, has been received.

Upon the receipt of your communication a message was immediately transmitted to the General Assembly of this State, with copies of the communication and of the joint resolution accompanying the same, for the consideration of that body, which in the Senate was referred to the appropriate committee. No report, however, appears to have been made on the subject, from what cause it is impossible for me to say, unless indeed the multiplicity of other important business prevented the committee from acting upon it.

With great respect,

Your Excellency's obd't serv't,

GEO. WOLF.
